

Organic Vegetable Garden Supplies

Healthy soil is the foundation for good plant growth and a healthy soil is one that is alive with a dynamic, vibrant micro-biotic ecosystem. Circle Organic products are living soil amendments and are a Life Source for Soil. They help create an active ecosystem within

the root zone - building healthy soils enabling plants and vegetables to grow - naturally! An Organic approach also protects and preserves our water resources and, as a bonus, you get healthier vegetables that even taste better!

100% ORGANIC SOIL LIFE PRODUCTS

Item 1: 5 lb bag PURE CASTINGS \$10.

The first step to healthy top soil!

- Builds & Enriches Soil Structure
- Adds Essential Organic Matter to the Soil
- Promotes Natural Plant Nutrition
- Reduces Watering Needs

Item 2: Quart Eco-BOOST™ microbial concentrate \$15.

Restores & Promotes Healthy Soil Eco systems

- Highly Concentrated Liquid Root Drench
- Develops naturally thicker roots & stronger plants
- Increases Drought, Disease & Pest Resistance
- Reduces Fertilizer Needs

Item 3: Summer Start™ Compost Accelerator \$16.

- A blend of compost producing microbes that are more active in warmer temperatures. This formulation has been specifically developed to speed up the composting process.

Item 4: The Compost Sak™ (100 gal / 12cu ft) \$40.

- A New Concept In Composting
- The "Compost Sak" is an affordable, convenient and efficient way for recycling kitchen scraps and yard waste into nutrient rich, beneficial garden compost.
- The "Compost Sak" is constructed from a lightweight textile fabric - extremely durable and will last for years.

Locally Grown USDA Certified ORGANIC Tomato Plants

Item 5: Farm Favorite Tomato Collection \$36.

Experience six different shapes, colors, sizes and flavors of heritage and farm-favorite tomato varieties.

Each collection contains an heirloom, slicing, roma, paste and cherry sized tomato variety.
